Corn 15 foot tall is a result of the timely rains of the past few weeks in Boone County. An eight-week bottom field belonging to the University of Missouri near Rollins Spring, on the State Farm, averages close to 14 feet in height. Some of the stalks will be turned over to J. E. Crumbrugh for use in preparing the Missouri agricultural exhibit for the Panama-Pacific Exposition. Prof. E. H. Hughes, of animal husbandry department brought in a stalk yesterday that measured 15 feet, with an 8-foot spread of leaves. A man 6 feet 3 inches tall could barely reach the first ear by standing on tiptoe. Hill Caldwell of near Benton City is feeding 55 head of hogs that average 250 lbs.
Grant Northland, of Deagle's neighborhood, a progressive farmer, has had 17 acres of wheat that averaged 22 bushels and was No. 1 quality.
Roy Beagle, northwest of Mexico, had 80 acres of wheat that averaged 22 bu., this year.

COUNTY SCHOOL NOTES

By W. CLYDE JOHNSON
Superintendent of County Schools

This week I had the pleasure of visiting with Farmer Rusk some of the boys in the corn growing contest, which he has so creditably inaugurated and is so vigorously carrying on in this county. He has forty in the contest, and judging by the corn that we saw, there will soon be some farmers in this county producing 100 bushel corn. In spite of army worms, chinch bugs, dry weather, and numerous other drawbacks, all have corn to be proud of, and all are proud of their ear-patches. Not every one will win a prize, but everyone will have an experience that will be worth to him many times the value of the prizes. We also found one little girl, Miss Selt, who is raising some tomatoes, in the tomato contest. She has been eating tomatoes for some time, and her vines are loaded.
The rest of the week has been spent in making out the yearly report to Superintendent Evans. I shall give a part of it.

ORDER OF PUBLICATION.

State of Missouri)
County of Audrain) ss
I, the Circuit Court, September Term, 1914.
C. W. Seftin, Plaintiff,
vs.
The unknown heirs, heirs, devisees, donees, assignees, the immediate, remote, voluntary or involuntary grantees of each and every one of the following named persons: Joseph Zeti O'Rear, Chas. H. Harlin and Melissa M. Jewell. Defendants.

The State of Missouri to the above-named defendants, Greeting:
Now, on this July 21st, 1914, comes the plaintiff by his Attorney, and files with the Clerk of the Audrain County Circuit Court, in vacation, his petition and affidavit where in among other things plaintiff alleges that he is the owner in fee simple and in possession of the following tract of land located in Audrain County, Missouri, to-wit: The West half of the Southwest quarter of Section No. thirty-two (32) Township fifty-one (51), Range Ten (10); that the legal title to the same emanated from the United States Government in the year 1829; that the title has passed from said patentee and his heirs to Joseph Zeti O'Rear in the year 1870; that said Joseph Zeti O'Rear made and executed a deed conveying said premises in the year 1876, but that said O'Rear signed said deed as Joseph B. O'Rear, thus creating a discrepancy in the name by which he acquired title and the same by which he conveyed title, thus leaving the record title to said premises vested in the said Joseph B. O'Rear; but that plaintiff and those under whom he claims have been in the open, notorious, undisputed, adverse and peaceable possession of said premises for more than thirty years past and have paid all the taxes levied against said premises during all that time.

Plaintiff further states that one of the former owners of said premises made and executed a deed of trust on said premises in the year 1868 to Chas. H. Harlin as trustee to the use of Melissa M. Jewell to secure the payment of a certain note in said deed of trust described which is recorded in Book No. "B" at page No. 81, of the deed records of Audrain County, Missouri; that said trustee in the year 1869 entered a marginal release of said deed of trust, but that said marginal release is irregular, insufficient and without authority of record, thus leaving said deed of trust a record lien on said premises, but that the note secured thereby has long since been fully paid and discharged and no recognition has been given said deed of trust since the year 1869, and no demand has been made of any owner of said premises for any payments thereon, and that the same is long since barred by the Statute of Limitations in such cases made and provided.

It is therefore ordered by said Clerk, in vacation, that said unknown and non-resident defendants be notified by publication that plaintiff by petition and affidavit filed herein this date, July 21st, 1914, have commenced action at law of which is to enforce and establish a lawful right to the above real estate described in Audrain County, Missouri.
It is further ordered that the said defendants be and appear in this Court on the first day of the next regular term thereof to be begun and holden at the Court House in the City of Mexico, Audrain County, Missouri, on Monday, the 7th day of September, 1914, and on or before the first day of said term to answer or plead to said petition, or in default thereof said petition be taken and adjudged as confessed and judgment by default will be rendered against said defendant.

It is further ordered that a copy hereof be published at least once a week for four consecutive weeks in the Mexico Weekly Ledger, a newspaper duly printed in the English language, published in Mexico, Missouri, and circulated in Audrain County, Missouri, and that the said publication be for the purpose of notifying said defendants, the last insertion to be at least fifteen days before the commencement of said Term of Court.
(SEAL) Witness my hand and official seal, Done at office in the City of Mexico, County and State aforesaid, this July 21, 1914.
C. W. SEFTIN, Clerk of the Audrain Circuit Court.
A true copy from the record.
Attest, E. F. Elliott, Clerk.
Arthur Braun, Atty for Plaintiff.
